**291. Stellenausschreibung – Research Fellow (PhD Student)(m/f/d)**

**292. Stellenausschreibung – Research Fellow (PhD Candidate) (m/f/d)**

**293. Druckfehlerberichtigung  
Verlautbarung der Gastprofessuren im Wintersemester 2023/24  
an der Universität für Weiterbildung Krems**

## 291. Stellenausschreibung – Research Fellow (PhD Student)(m/f/d)

The following position is available to strengthen our team of the Faculty of Education, Arts and Architecture / Department for Continuing Education Research and Educational Technologies:

### Research Fellow (PhD Student)(m/f/d)

30 hrs./week

Advertisement No. SB23-0175

The advertised position is part of the new HORIZON EUROPE project EffecTive (Efficiency and Effectiveness of Training for Teachers' Pedagogical Digital Competence). The project aims to evaluate the effectiveness of training interventions for in-service teachers focusing on teachers' pedagogical digital competence, implementation in classroom teaching and student learning outcomes.

#### Your tasks

- Planning and conducting empirical research studies to evaluate the effectiveness of teacher training
- Publishing research findings in international, peer-reviewed scientific journals
- Engaging in international research collaboration
- Pursuing and submitting a cumulative dissertation in the PhD programme [Technology, Innovation, and Cohesive Societies](#) within three years (duration of the project)

#### Your profile

##### We require evidence of the following qualifications for the application:

- University Master's degree in the fields of psychology, educational science, teacher training or related discipline
- Interest and demonstrated skills in using quantitative research methods (incl. familiarity with SPSS, R or a similar data analysis software)
- Good knowledge and demonstrated skills in writing scientific texts
- Ability to work in an interdisciplinary team of social scientists
- Excellent English skills (min. C1)

##### In addition, the following criteria are desirable:

- Experience in teaching or teacher training
- Experience in teacher- or school-related research
- Knowledge of the Austrian system of teacher continuing education
- Command of the German language (min. B2) is a plus

#### Your perspective

- Part-time (30 hours/week), in a project funded by third parties, initially limited until 31 December 2026, with a minimum salary of EUR 3,277.30 gross per month on a full-time basis (classification as a scientific project staff member according to [collective agreement of universities](#) § 49 VwGr. B1), willingness to overpay with corresponding qualifications and professional experience
- Innovative and modern working environment at the Campus Krems
- Possibility of homeoffice and mobile working (max. 42% of working hours)

- Very good opportunities for further education within the framework of our own study programs, extensive offer of workplace health promotion as well as the University Sports Institute (USI)

**Your application should include:**

- Cover letter (max. two pages)
- Curriculum Vitae
- Degrees and transcripts
- Two writing samples demonstrating the required skills (e.g., Master thesis, seminar paper, scientific articles, etc.)

Persons with disabilities who meet the required profile criteria are expressly invited to apply for this position.

The University of Continuing Education Krems sees high innovation potential in the diversity of its employees and is committed to diversity as a guiding principle.

We look forward to receiving your online application by **9 November 2023** via our online tool: <https://www.donau-uni.ac.at/vacancies>

## **292. Stellenausschreibung – Research Fellow (PhD Candidate) (m/f/d)**

For our location in Wiener Neustadt we are looking for a PhD candidate interested in such a simulation topic and the interaction with the experimentalists in the project.

### **Research Fellow (PhD Candidate) (m/f/d)**

40 hrs./week

Advertisement No. SB23-0204

**Your tasks**

- Independent research and research assistance in the “RapidSustAeroMat” project
- Documentation of the research and its results
- Publishing research findings in international peer-reviewed scientific journals
- Engaging in collaborative research

**Your profile**

**We require evidence of the following qualifications for the application:**

- Master's degree in technical field of study (e.g., physics, electrical engineering, mathematics, or similar)
- Experience in at least one of the topics: modelling, machine learning, sensor technology (proven e.g. by publication, master's thesis, job experience etc.)
- Good communication skills and knowledge of German and/or English (min. B2)
- Willingness to work in a team

**In addition, the following criteria are desirable:**

- Previous work experience in academic research
- Experience in Finite-Element-Modelling
- Experience in machine learning

### Your perspective

- Full-time (40 hours/week), in a project funded by third parties, initially limited until 31 October 2026, with a minimum salary of EUR 3,277.30 gross per month on a full-time basis (classification as scientific project staff according to [collective agreement of universities](#) §49 VwGr. B1), willingness to overpay with corresponding qualifications and professional experience
- Innovative and modern working environment at the TFZ in Wiener Neustadt
- Possibility of homeoffice and mobile working (max. 42% of working hours)
- The opportunity to pursue a PhD and obtain a doctoral degree is available

Persons with disabilities who meet the required profile criteria are expressly invited to apply for this position.

The University of Continuing Education Krems sees high innovation potential in the diversity of its employees and is committed to diversity as a guiding principle. At the same time, it aims to increase the proportion of women and expressly invites qualified women to apply. Women are given priority in the case of equal qualifications.

We look forward to receiving your online application by **November 12<sup>th</sup>, 2023** via our online tool: <https://www.donau-uni.ac.at/vacancies>
